

**Champaign County CDBG FY2016
North Oakland Street Curbs and Walks (Phase 2)
Addendum #3**

To: All Bidders

From: Board of Champaign County Commissioners

Date: March 24, 2017

Re: Addendum #3

Maintenance of Traffic Question/Answer

Question: Will the City of Urbana allow the contractor to work on both sides of the street at the same time for this specific job?

Answer: If the contractor can still allow for a two-way, 24' wide travel path for vehicles to pass (12' for each lane), then yes they can work on both sides of the street at the same time. With 40' between faces of curbs, this leaves 16' of usable area in whatever combination the contractor chooses. Since it is a State Route, semis will frequent this route so lane widths shall not be decreased below 12'. Advanced warning signage and cones must be utilized per the Ohio Manual of Uniform Traffic Control Devices.
