The purchase of grave spaces, crypts or niches, may be made by credit card, a check or money order for the full amount made out to the City of Urbana, Oak Dale Cemetery and given to the Superintendent. Upon completion of the sales information, the form shall be forwarded to Finance Department for completion of the payment option section (if requested).

#### **22.1.4 Indigent Burials**

Ohio Revised Code § 9.15 requires the City to pay for cremation and/or burial costs of certain indigent persons whose place of residence was within the City limits at the time of death. An indigent decedent is a person who dies without leaving an ascertainable estate sufficient to pay part or all of the person's burial expenses and whose burial expenses are not payable by another political subdivision or person. The estate of the decedent shall include, but is not limited to, the ready availability of real or personal property owned; employment benefits; pensions; annuities; social security; unemployment compensation; inheritances; number and age of dependents; outstanding debts, obligations and liabilities; and any other relevant considerations concerning the financial condition of the individual. An indigent decedent may also be claimed by an individual who is also unable to pay for disposition due to poverty or lack of legal obligation to pay for disposition, such as a guardian. The criteria for determining whether a claimant is "indigent" is determined by submission of the most recent federal tax return which establishes that the claimant's income does not exceed one hundred fifty per cent of the federal poverty line, as revised

annually by the United States department of health and human services in accordance with section 673(2) of the "Omnibus Budget Reconciliation Act of 1981," 95 Stat. 511, 42 U.S.C. 9902, as amended, for a family size equal to the size of the person's family..

If an indigent person is claimed, the claimant shall apply for indigent burial to the City and complete an affidavit of indigency as well. The application must be accompanied by a death certificate and tax return and should be delivered to the Department of Finance.

Upon receiving the Indigent Burial Form, the Director of Finance or designee shall determine whether the deceased qualifies for indigent burial at the City's expense after examination of the indigent decedent's financial and familiar information, and/or the indigent status of a next of kin or other claimant, in accordance with the federal poverty guidelines published annually. Burial in the Indigent section is mandatory unless the deceased was a veteran. Opening and closing fees for the burial of ashes shall be waived, but documented. Any funeral home applying for reimbursement under this section shall receive payment for burial services of an adult indigent person who has been cremated, less any amount of contributions, insurance or property, real or personal, or of any other thing of value which may be applied to the disposition expenses. The funeral home shall submit to the City, an itemized invoice, based on their most current published price list, along with a copy of the cremation permit and the cost from the actual cremation provider.

The City's preferred method of disposition of remains of an indigent person shall be cremation of the body with the remains to be retained by the next of kin or buried in an ash grave. If the decedent was proven to be of a religious faith that prohibits cremation, the decedent shall be buried rather than cremated.

In any case when an indigent is buried, the City shall cover the costs of burial and shall bury the deceased in the Indigent section in the next available space, with a metal, stone, or concrete identifying marker bearing the deceased's name and age, if known, and date of death. No other monument or marker may be placed at the grave site until the City has been reimbursed for the costs incurred. For any burial prior to January 1, 2002, the reimbursement amount shall be \$800; for those after January 1, 2002, the amount shall be determined by the Director of Finance based on available payment records and pricing of spaces, including opening and closing costs, in effect at the time of disposition.

### **22.1.5 Grave, Crypt or Niche Transfer and Return**

Grave, Crypt and Niche rights (unless passed on by inheritance) are not transferrable. Grave, Crypt and Niche rights can be returned to the Cemetery for original price paid minus 10%, if sufficient funds are available, as certified by the Director of Finance.

Any person who receives interment, entombment or inurnment rights by inheritance or any authorized method other than original conveyance from the City, shall within one year after receiving such interest, give written notice of his or her name and address to the City, and shall notify the City of any subsequent changes in name or address. There is no need to revise any Deed of Interment when a purchaser listed on the deed dies as long as the person claiming inheritance is able to provide proof such as a will or court order distributing assets of an estate. Only an individual who establishes inheritance in an UNDIVIDED INTEREST in remaining spaces may grant permission for others, and that person must provide written proof of such permission to the City.

All matters of priority and permission shall be left to the family or other heirs to resolve, but the City shall give preference to persons within the third degree of consanguinity or affinity, as follows, (see Appendix 2 w/Table of Consanguinity), until all spaces are filled. Otherwise, without a deed or written permission, any person claiming rights based on family relationship shall file a sworn affidavit specifying the person's degree of consanguinity to the original purchaser, and that no other living family member holds a higher degree of consanguinity or affinity to the original purchaser.

### **22.1.6 Interment, Entombment, and Inurnment**

All charges must be paid before the funeral. Additional fees are charged for funerals entering the Cemetery at times other than normal working hours. See Appendix 1 – Cemetery Pricing.

Interments are not permitted on Sundays or New Year's Day, Memorial Day, July Fourth, Labor Day, Thanksgiving Day, Christmas Day, or other designated City Holiday, unless required by the Rules and Regulations of the Board of Health.

#### April through November:

Interments may be delayed due to inclement weather; in the event of inclement weather, 'graveside' services, will be held in the '*Shepherd Mausoleum*'.

#### December through March:

Interments will be held in the '*Shepherd Mausoleum*'. Authorization for graveside services during this period will be determined by the Cemetery Superintendent.

The person giving the order for interment will provide to the Superintendent:

- The Burial Certificate from the Vital Statistician
- The time of the funeral and expected time to enter the cemetery
- Complete prepayment of interment costs, including grave costs if not already paid

For burial, caskets must be in a vault. Urns do not need a vault, but must be made of retrievable materials, such as bronze, plastic or cultured marble.

One grave space may hold one adult vault plus one urn, or two urns. One crypt may hold one casket or one casket plus one urn. One niche may hold up to two urns. A tandem crypt may hold two caskets or one casket plus one urn.

Burial procedure is as follows:

- City employees dig the grave beforehand.
- The vault company places the vault in the grave opening.
- By the day of funeral, a City employee will prepare the graveside, or mausoleum chapel, for a chapel service.
- After the service, the vault company lowers the casket and sets the top on the vault.
- The City employee fills in the grave.
- As weather permits, City employees will sod or seed the excavated area.

Entombment or inurnment procedure is as follows:

- Day of funeral, a City employee sets up the chapel for a ceremony, if desired.
- For niches, the City employee places the sealed urn in the niche.
- For crypts, the City employee places the casket in a tray before placing the casket in the crypt; special coated plastic is sealed to the cement opening using caulk; then taped, to the closure of the crypt.

### **22.1.7 Removal or Disinterment**

No disinterment or removal shall be made on Saturdays, Sundays or holidays.

When remains are to be removed **from** the Cemetery, written consent must first be received from the person who paid for the interment, the grave-owner, or the next of kin of the deceased; an order from a court of competent jurisdiction; and/or a permit from the Board of Health can be presented in accordance with the statutes of Ohio governing the disinterment and removal of bodies.

When remains are to be moved **within** the cemetery, written notification must be provided to the person who paid for the interment, the grave-owner, or the next of kin of the deceased, if able to be located.

A disinterment is considered an Opening and Closing. See Appendix 1 – Cemetery Pricing.

### **22.1.11 Care Fund Monies**

Particular attention is called to the special endowment of lots.
